

...The Teen Company

For over ten years, YTU has been training area youths in the techniques of theatre through in-school workshops and after-school classes. YTU's staff of artists, instructors and directors have successfully prepared students for college programs, professional theatre companies and Performing Arts Academies all over the country. The Teen Company is an outgrowth of YTU's training program in which serious students may gain practical performance experience in full-scale productions, one-act plays, improvisations and intensive workshop classes.
